SICIS

“There is no luxury without craftsmanship which is only achieved by maintaining a certain particular Know-How.”

The Project

SICIS HOME’s proposals are created to offer a complete lifestyle.

From sofas to armchairs, from tables to chairs, not to mention accessories and decorations, the SICIS offer encapsulates numerous furnishing solutions for every possible environment and context.

The high level of customisation of each product guarantees the possibility of choosing from a wide range of coatings, from finely worked textures to those of fine leathers sewn using ancient and traditional techniques.

The proposals are designed to give a glamorous touch to interiors and are intended to enhance and personalise spaces.

SICIS HOME provides pieces for the entire house with a complete collection that includes classic, modern and contemporary styles.

Sartorial look, beauty, excellence, uniqueness and elegance are words synonymous with SICIS HOME furniture.

The HOME division for interior design has four exceptional standards, namely timelessness, elegance, eco-responsibility and artisan savoir-faire.

SICIS has the ability to express a style through a language that pervades the entire environment, including the furniture, lights, accessories and floors, where the mosaic remains the common theme and distinctive element.

From Mosaic to Fabric

SICIS

SICIS

Colour in the DNA

SICIS creates and produces absolutely unique fabrics always starting from the mosaic know-how to create exclusive and unique environments where quality, beauty and innovation once more become the true protagonists.

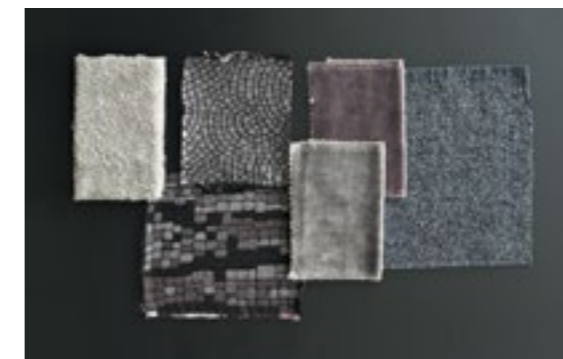

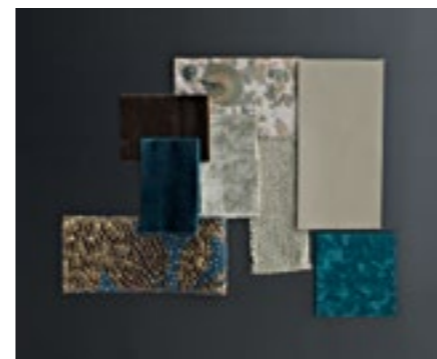

Compounds of precious yarns, wools, silks, cotton or lurex are suitable for any covering due to their high quality while remaining soft to the touch.

They are available in a variety of versions, ranging from soft natural colours to the brightest shades: in wool bouclé, mohair fibre, large print and jacquard patterns, soft velvets, specific yarns for outdoor use or fireproof yarns for the Contract market, also including the most refined leathers.

Total Look as a common theme

Before continuing in the broad mission of the brand, SICIS HOME formed the core of values on which to build a new philosophy: materials of the highest quality, extraordinary craftsmanship, contemporary functionality and timeless design.

Inventing a place

The “All Over” idea to amplify the space

The unity of vision is proactive and reveals once again the ability to govern an idea, to implement it later, without detracting from it thanks to the extraordinary workmanship.

Everything works because there is a reason with each product being projected into the maison’s overall vision, which combines mosaics, fabrics and furniture. All of this makes sense together.

The “Broderie Nomade” Embroidery

The “Broderie Nomade” collection has been created to embellish and decorate upholstered furniture, with the idea of leaving a “mark, a design” that recalls one of the most ancient arts of the Italian tradition. Exclusive SICIS ornamental motifs, sophisticated in the use of yarn colours, machine-processed and then finished by hand.

The perfect SICIS home could be found in the most important cities in the world or in the most emblematic areas, but this is always synonymous with the perfect link between modernity and creativity, history and tradition with verve and meanings typical of Italian taste.

Bookcases, Console Tables and Desks

The starting point of all the brand's projects is the skills and technical know-how that the craftsmen of the manufacturer have and which are handed down through the generations. From all this experience, the value of which cannot be quantified, a style is born that superbly influences all the others and the result is pure contemporary luxury always characterised by an element of rarity and uniqueness.
