93 METERS

SAILING YACHT EOS

EOS is one of the very few sailing yachts built by Lürssen in 2006. Until 2017 she remained the world's largest luxury sailing yacht at a length of 93 meters. She has a beam of 13.5 meters and a draft of 5.6 meters featuring an aluminium hull and superstructure.

EOS is a three-masted schooner and powered by an MTU engine of 1740 kW allowing a maximum speed of 16 knots. She can accommodate 14 guests in seven cabins with an interior design by François Catroux and an exterior design by the late Bill Langan.

The luxurios swimming pool is made unique with custom Artistic Mosaics by SICIS.
