One Thousand and One Night

*A magic scenic design in **Backlit Vetrite Gem Glass** dresses the exclusive Zhor Perfumery in via Monte Napoleone in Milan.*

The architect Marco Lucchi, already creator of the bewitching atmosphere of the Sicis Lounge at the Salone del Mobile 2019, has chosen Vetrite again for the extraordinary interiors of this refined shop.

***Vetrite Gem Glass Reef slabs**, mounted on LED panels, with the complicity of a game of mirrors, turn the ambience in a fabulous oriental place, giving customers an incomparable experience.*
